

ORGANISATIONAL ANNOUNCEMENT

21st April 2022

Hello,

I am pleased to finally announce that Magma Catalyst has been honoured with the Queen's Award for Enterprise – for Innovation.

The Queen's Awards for Enterprise is the most prestigious business award in the UK. The awards celebrate the success of exciting and innovative businesses which are leading the way with pioneering products or services.

We have been awarded the Queens Award in the category of Innovation for the advancement and development of the Catalyst product.

Her Majesty The Queen personally approves the winners and the Department for Business, Energy & Industrial Strategy will publicly announce the winners, Today, Thursday 21st April 2022.

Magma is a manufacturer and supplier of a wide range of refractory, ceramic and catalyst materials and technology worldwide. Their leading mission is to grow and develop the business through ongoing innovation, research and development in order to offer an increased product range.

Since our inception, Magma has enjoyed continual and significant growth. Most recently with the acquisition of P&E and the Merger with UNICAT, owned by White Deer.

The Queen's Awards for Enterprise 2022 include:

- 141 awards for International Trade
- 51 awards for Innovation
- 31 awards for Sustainable Development
- 9 awards for Promoting Opportunity (through Social Mobility)

The awards were first established in 1965 and since then over 7000 companies have achieved a Queen's Award. Winning businesses are able to use the esteemed Queen's Award Emblem for the next five years.

Magma, is part of the UNICAT Catalyst Group, owned by White Deer Energy. White Deer invests in energy and industrial service and equipment companies and midstream infrastructure. They believe in the importance of environmental, social and governance 'ESG' issues, and work closely with portfolio companies to ensure a high standard of care towards ESG issues in their business operations.

Mark Stuckey

Magma Group honoured with Queens Award for Enterprise - for Innovation

Magma is one of 226 organisations nationally to be recognised with a prestigious Queen's Award for Enterprise. Announced today, Magma has been recognised for its excellence in Innovation.

Magma is a manufacturer and supplier of a wide range of refractory, ceramic and catalyst materials and technology worldwide. Our leading mission is to grow and develop the business through ongoing innovation, research and development in order to offer an increased product range.

At Magma Catalyst, we design our own catalyst carrier utilising our strength of 40 years' experience in the Ceramics industry. Magma's catalysts look different, they are spherical with a textured "Golf Ball" like surface.

Mark Stuckey, Managing Director of Magma Group, commented; "We are honoured to have been recognised for the Queens Award for Enterprise for Innovation this year.

'For ten years we have been expanding and growing the business and coming up with innovative new ideas to develop our Catalyst product, and it is great that our hard work and dedication has been recognised.

'I would like to thank all of the staff at Magma who have helped to develop the business over the years and advanced the business into what it is today.

‘There are a lot of exciting developments at Magma over the years in terms of innovation, expansion of the business and trading worldwide. I’m looking forward to seeing what the next ten years has to offer us, and look forward to flying our Queens Award flag with pride for the next 5 years!’

Since our inception in February 2010, we have enjoyed continual and significant growth. Most recently with the acquisitions of P&E in Huddersfield in 2020 and merger with UNICAT in 2021. The company has four main areas of business Catalysts, Ceramics, Combustion, Electrical Control Panels at P&E and operates worldwide from its facilities in the UK, Vietnam and the US.

Magma, is part of the UNICAT Catalyst Group, owned by White Deer Energy. White Deer invests in energy and industrial service and equipment companies and midstream infrastructure. They believe in the importance of environmental, social and governance ‘ESG’ issues, and work closely with portfolio companies to ensure a high standard of care towards ESG issues in their business operations.

Now in its 56th year, the Queen’s Awards for Enterprise are the most prestigious business awards in the country, with winning businesses able to use the esteemed Queen’s Awards Emblem for the next five years.

Applications for Queen’s Awards for Enterprise 2023 open on the 1st May 2022. For more information, visit <https://www.gov.uk/queens-awards-for-enterprise>.
